

BEAUTY COLLECTION

PROFILO AZIENDALE

Storia, Passione e Qualità sono il segreto del nostro successo.

STORIA: la nostra storia è diventata il nostro futuro

Con idee geniali e tanta fatica, i primi minatori hanno estratto il metallo, lo hanno colato, forgiato, lavorato, per ottenere attrezzi, forbici, coltelli e tutto ciò che agli albori del 1700 era necessario per sopravvivere. Si sono così “inventati” il mestiere che, in più di tre secoli, ha reso Premax simbolo mondiale della produzione di articoli da taglio.

Non abbiamo dimenticato le nostre tradizioni, i valori dei nostri prodotti e, carichi dell'orgoglio di più di 300 anni di storia, continuiamo a fornire ogni anno, con la stessa cura di allora, strumenti utilizzati da milioni di persone in tutto il mondo.

PASSIONE: siamo innamorati dei prodotti che fabbrichiamo

Dalla storia nasce la nostra forza: la passione per il lavoro trasformata in una filosofia di vita. Una passione tramandata da tradizioni e racconti di famiglie, uomini e donne, che hanno dedicato la loro vita e i loro sforzi alla crescita e allo sviluppo del made in PREMANA.

PREMAX: garanzia di qualità

La lunga esperienza, la ricerca continua dei migliori materiali, abbinate alla produzione in loco di macchinari progettati specificatamente per la fabbricazione di articoli da taglio, ci permettono di offrire una gamma vastissima di prodotti con un elevato livello qualitativo, garantito da controlli accurati effettuati durante la produzione e da test finali realizzati da personale Premax.

COMPANY PROFILE

History, Passion and Quality are the secret of our success.

HISTORY: our history has become our future

The first miners used their skills and muscles to extract, cast, forge and work the metal to produce tools, scissors, knives and everything else that was needed for survival at the turn of the 18th Century. This was the “invention” of the craft that, in over three centuries, has made Premax an international symbol in the production of cutting tools.

We have not forgotten our traditions and the value of our products. We are driven by pride stemming from over 300 years of history and continue to supply every year, with the same care as in the past, implements used by millions of people around the world.

PASSION: we love the products we make

History gives us our strength, a passion for our work transformed into a philosophy of life.

A passion handed down through traditions and tales of families, men and women who have dedicated their life and efforts to the growth and the development of their town.

PREMAX: a guarantee of quality

Vast experience, a continuous search for the best materials and high-tech machinery - specifically projected and made by local factories for the manufacturing of cutting instruments - all allow us to offer a wide range of high quality products guaranteed by controls carried out during the production process and a final test made by highly-skilled Premax personnel.

PRESENTAZIONE DELLE LINEE DI PRODOTTO

La nostra flessibilità, la nostra sensibilità nel cercare di soddisfare qualsiasi tipo di esigenza del cliente ci hanno portato a realizzare due diverse linee di prodotto:

LINEA OPTIMA:

Una gamma completa di prodotti fabbricati con caratteristiche qualitative molto elevate.

Articoli professionali con un rapporto qualità-prezzo imbattibile, adatti ad una clientela molto esigente ed attenta alle prestazioni dei propri strumenti. È disponibile in diversi tipi di finiture e materiali per poter soddisfare gusti e necessità dei consumatori.

LINEA OMNIA:

Una selezione dei modelli più richiesti, fabbricati con lo scopo di poter offrire un livello di prezzo molto competitivo.

PRODUCT LINES PRESENTATION

Our flexibility and sensitivity in trying to satisfy every type of need expressed by our clients have prompted us to develop two separate lines of products:

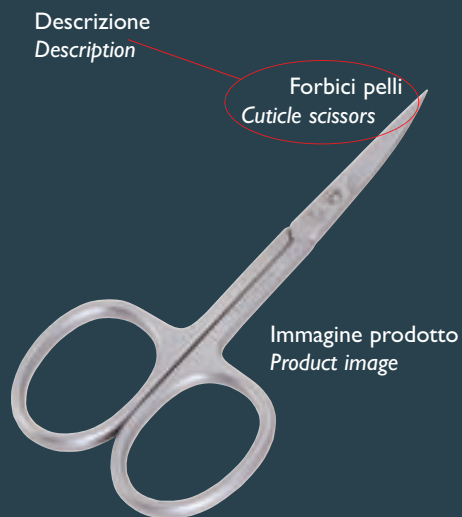

OPTIMA LINE:

A complete range of products manufactured with very high quality features. Professional products with an unbeatable quality-price ratio, suitable for high demanding customers who want the best performance from their tools. The products are available in different finishes and materials to satisfy the tastes and needs of the consumers.

OMNIA LINE:

A selection of the most widely requested models, produced with a view to offering a highly competitive price level.

Accurate lavorazioni artigianali abbinate a materiali dagli elevati standard qualitativi, ci consentono di realizzare degli strumenti con prestazioni e funzionalità elevate e fanno di questa collezione la nostra linea di punta. L'acciaio AISI 420 conferisce agli strumenti caratteristiche di inossidabilità ed elimina quindi ogni rischio di corrosione. La finitura sabbata dà un tocco di eleganza e modernità ad ogni strumento.

Precision craftsmanship and materials with high quality standards enable us to produce implements with advanced performance and functions, making this collection our main line. AISI 420 steel gives the instruments the flawless perfection of stainless steel, eliminating any risk of corrosion.

The matt finish adds a touch of elegance and modern taste to every tool.

AQUA Collection - Pinzette/Tweezers

OPTIMA_{Line}

MADE IN ITALY

Il materiale INOX AISI 304, l'attenta cura nella fabbricazione di ogni singolo pezzo abbinati ad un controllo accurato delle punte, danno alla pinzetta un'elasticità che dura nel tempo e garantiscono uno strappo del pelo assolutamente perfetto.

Le pinzette sono proposte in differenti colori e per ogni colore in tre differenti punte: obliqua, retta e appuntita, specifica per i peli incarniti.

The material used - AISI 304 stainless steel - and the careful craftsmanship that goes into the manufacturing of each piece, combined with accurate control of the tips, give these tweezers long-lasting flexibility and perfect hair removal.

The tweezers are produced in different colors and three different tips for every color: oblique, straight and pointed, specially designed for ingrown hairs.

CRYSTAL & TWIST Collection

OPTIMA *Line*

MADE IN ITALY

L'incastonatura di un cristallo nel corpo della forbice e della pinzetta, prodotte in acciaio al carbonio e rivestite con uno strato di nichel opaco più uno strato di cromo, rendono questa linea molto giovanile e interessante come idea regalo.

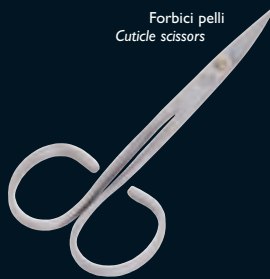

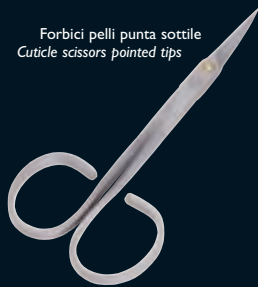

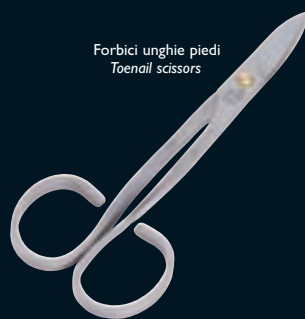

La linea TWIST, fabbricata con i migliori acciai INOX AISI 420, si caratterizza per un design moderno e particolare.

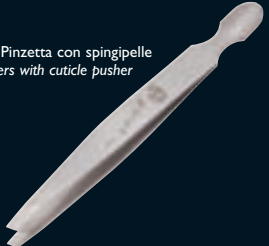

A crystal is set into the body of the scissors and tweezers, which are produced in carbon steel plated with a layer of matt nickel plus a layer of chrome, making this line very youthful and interesting as a gift idea.

The TWIST collection, produced with the finest AISI 420 stainless steel, is characterized by its intriguing modern design.

CROMA Collection

MADE IN ITALY

OPTIMA
Line

Linea di prodotti in acciaio al carbonio. La finitura di nichel opaco con l'aggiunta di uno strato di cromo, oltre che dare una garanzia superiore contro la ruggine, rende la serie CROMA adatta ad ogni uso e realizza il sogno di chi vuole coniugare forme tradizionali alla modernità della finitura "matt".

Line of carbon steel implements. The chrome plating over matt nickel, besides providing a superior guarantee against rust, makes the CROMA collection suitable for any use and is a dream come true for those who like to combine traditional shapes to the modern taste of a matt finish.

CLASSICA Collection

MADE IN ITALY

OPTIMA
Line

E' la nostra linea base fabbricata con i migliori acciai al carbonio rivestiti di nichel; una lunga esperienza nella produzione di questa linea garantisce elevati standard qualitativi in termini di precisione, capacità di taglio e durata del filo. Accurate operazioni manuali abbinata alla passione degli artigiani che le producono, riescono a dare al prodotto un tocco di vera autenticità, tipica del Made in Premax.

This is our basic line produced with the finest carbon steel, nickel plated; long experience in the production of this line ensures high quality standards in terms of precision, cutting capacity and long-lasting sharpness. Accurate manual operations combined with the enthusiasm of the craftsmen who produce them give a touch of real authenticity, typical of Premax products.

SELF-SERVICE Line

MADE IN ITALY

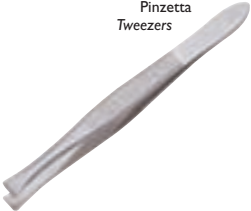

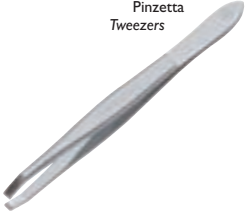

Una gamma confezionata in blister per poter esporre in modo attraente strumenti dalle alte caratteristiche qualitative, eliminando i problemi di furto. Un assortimento essenziale di strumenti per la cura del corpo, comprendente utensili fabbricati con acciaio al carbonio rivestiti di uno strato di nichel opaco e di cromo per offrire un'elevata resistenza alla corrosione, oltre ad un look moderno e accattivante.

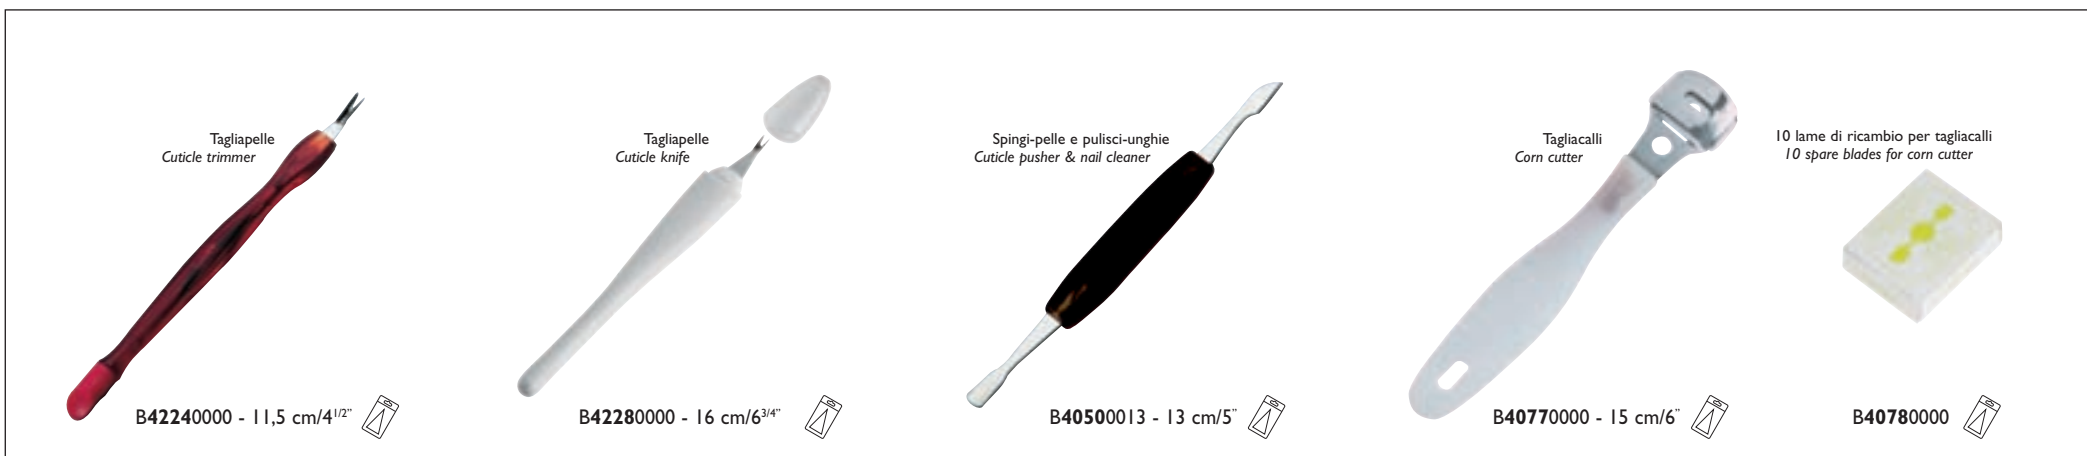

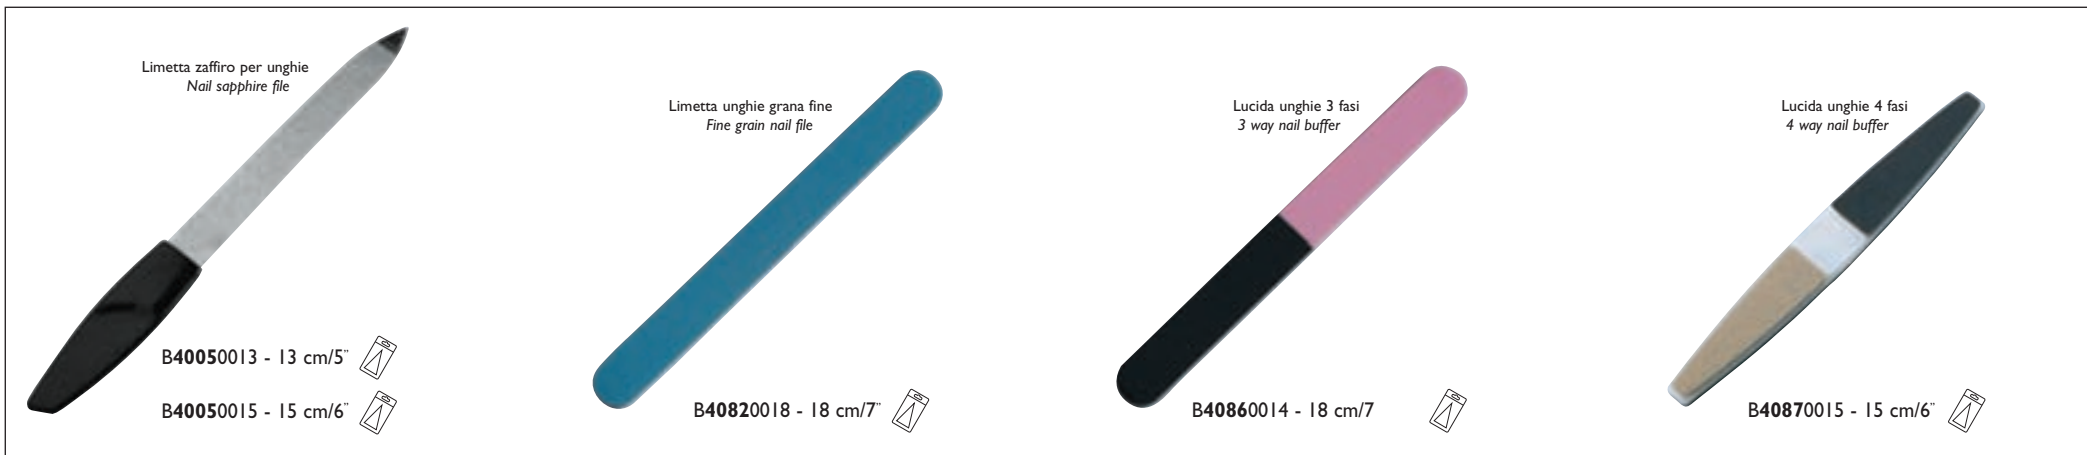

A blister-packed line for an attractive display of instruments with high quality features, which eliminates theft problems. An essential assortment of body care tools, including implements made of carbon steel, plated with a layer of matt nickel and one of chrome to ensure high resistance to corrosion and give the products a modern look and appeal.

DISPLAY

MADE IN ITALY

Per presentare al meglio le nostre linee di prodotto, abbiamo ideato degli espositori da banco e da terra con design, funzionalità e dimensioni diverse per poter soddisfare le varie esigenze di ogni punto vendita. Esporre in modo ordinato e completo le nostre collezioni, aiuta ad aumentare sensibilmente le vendite e contribuisce ad arricchire l'arredamento del negozio.

To present our product line at its best, we have created counter and floor display stands with different design, dimensions and functionality to satisfy all point of sales' needs.

Showing the products in a proper way considerably helps increasing sales and improves the store layout.
